John Donne The Major Works Including Songs And Sonnets And Sermons Oxford Worlds Classics Introduction

John Donne

This authoritative edition was formerly published in the acclaimed Oxford Authors series under the general editorship of Frank Kermode. It brings together a unique combination of Donne's poetry and prose - all the major poems, complemented by rarely published letters and extracts from Donne's sermons - to give the essence of his work and thinking. John Donne (1572-1631) is today celebrated as one of the greatest of the metaphysical poets, whose verse was daringly original and whose use of imagery and conceits marked a new, intellectual approach to poetry. His Satires, Elegies, and Songs and Sonnets, which contain his most famous love poems, were complemented by his religious writing, both verse and prose. He was one of the most renowned preachers of his day, and this volume does equal justice to the full range of his work. In addition to nearly all his English poetry this volume includes over 130 extracts from Donne's sermons, as well as the full text of his last sermon, 'Death's Duel'. A distinguishing feature of the selection is that the works are arranged in the chronological order of their composition.

The Complete English Poems

No poet has been more wilfully contradictory than John Donne, whose works forge unforgettable connections between extremes of passion and mental energy. From satire to tender elegy, from sacred devotion to lust, he conveys an astonishing range of emotions and poetic moods. Constant in his work, however, is an intensity of feeling and expression and complexity of argument that is as evident in religious meditations such as 'Good Friday 1613. Riding Westward' as it is in secular love poems such as 'The Sun Rising' or 'The Flea'. 'The intricacy and subtlety of his imagination are the length and depth of the furrow made by his passion,' wrote Yeats, pinpointing the unique genius of a poet who combined ardour and intellect in equal measure.

Sermons

'The mystery of Life, the mystery Of Death, I see Darkly as in a glass...' Christina Rossetti (1830-94) is perhaps the most contradictory of the great Victorian poets. She writes of the world's beauty, but fears that it may be deceptive, even deadly. She is a religious poet, but much of her work is driven by uncertainty. Her

poems are restrained, even secretive, but they seek nothing less than the mystery of Life and Death. This edition contains Rossetti's strongest and most distinctive work: poetry (including 'Goblin Market', 'The Prince's Progress', and the sonnet sequence 'Monna Innominata'), stories (including the complete text of Maude), devotional prose (with nearly fifty entries from the 'reading diary' Times Flies), and personal letters. Those poems which Rossetti published, and those which she withheld from publication, are here brought together in chronological order, allowing the reader to observe her poetic trajectory. This edition also records the major revisions made by Rossetti when preparing her poems for publication. It brings together the fullest range of Rossetti's poetry and prose in one volume, and is an indispensable introduction to this entrancing writer. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Poems and Prose

'This Complete Sonnets and Poems is a distinguished addition to a distinguished series. It will repay continuing study, and act as a valuable point of reference for readers concerned more generally with Shakespeare's art and language. Colin Burrow's good sense, tact and balance as an editor are deeply impressive.' -H. R. Woudhuysen, Times Literary Supplement This is the only fully annotated and modernized edition to bring together Shakespeare's Sonnets as well as all his poems (including those attributed to him after his death). A full introduction discusses his development as a poet, and how the poems relate to his plays; detailed notes explain the language and allusions in clear modern English. While accessibly written, the edition takes account of the most recent scholarship and criticism.

Sir Philip Sidney The Major Works

A new collection of John Donne's verse, from the witty conceit of "The Flea" to the intense spirituality of his Divine Poems Regarded by many as the greatest of the metaphysical poets, John Donne was also among the most intriguing figures of the Elizabethan Age. A sensualist who composed erotic and playful love poetry in his youth, he was raised a Catholic but later became one of the most admired Protestant preachers of his time. Reflecting this wide diversity, Collected Poetry includes his youthful songs and sonnets, epigrams, elegies, letters, satires, and the profoundly moving Divine Poems composed toward the end of his life. From joyful works such as "The Flea," which transforms the image of a louse into something marvelous, to the intimate and intense Holy Sonnets, Donne breathed new vigor into poetry by drawing startling metaphors from the world in which he lived. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

John Donne's Poetry

John Milton is, next to William Shakespeare, the most influential English poet, a writer whose work spans an incredible breadth of forms and subject matter. The Complete Poetry and Essential Prose of John Milton celebrates this author's genius in a thoughtfully assembled book that provides new modern-spelling versions of Milton's texts, expert commentary, and a wealth of other features that will please even the most dedicated students of Milton's canon. Edited by a trio of esteemed scholars, this volume is the definitive Milton for our time. In these pages you will find all of Milton's verse, from masterpieces such as Paradise Lost—widely viewed as the finest epic poem in the English language—to shorter works such as the Nativity Ode, Lycidas,, A Masque and Samson Agonistes. Milton's non-English language sonnets, verses, and elegies are accompanied by fresh translations by Gordon Braden. Among the newly edited and authoritatively annotated

prose selections are letters, pamphlets, political tracts, essays such as *Of Education* and *Areopagitica*, and a generous portion of his heretical *Christian Doctrine*. These works reveal Milton's passionate advocacy of controversial positions during the English Civil War and the Commonwealth and Restoration periods. With his deep learning and the sensual immediacy of his language, Milton creates for us a unique bridge to the cultures of classical antiquity and medieval and Renaissance Christianity. With this in mind, the editors give careful attention to preserving the vibrant energy of Milton's verse and prose, while making the relatively unfamiliar aspects of his writing accessible to modern readers. Notes identify the old meanings and roots of English words, illuminate historical contexts—including classical and biblical allusions—and offer concise accounts of the author's philosophical and political assumptions. This edition is a consummate work of modern literary scholarship.

The Poetical Works of Dr. John Donne

Two young princes, Pyrocles and Musidorus, disguise themselves as an Amazon and a shepherd to gain access to the Arcadian Princesses, who have been taken into semi-imprisonment by their father to avoid the dangers foretold by an oracle. The text was a vehicle for Sidney's ideas on versification.

The Complete Sonnets and Poems

Thieme's first collection of nineteen poems is drawn from the lost magic of a waning romance. The poems are a search for meaning for "a love / that once, too briefly, thought the stars / and their fatal arcs made sense"

The Countess of Pembroke's Arcadia

George Herbert combined the intellectual and the spiritual, the humble and the divine, to create some of the most moving devotional poetry in the English language. His deceptively simple verse uses the ingenious arguments typical of seventeenth-century 'metaphysical' poets, and unusual imagery drawn from musical structures, the natural world and domestic activity to explore a mosaic of Biblical themes. From the wit and wordplay of 'The Pulley' and the formal experimentation of 'Easter Wings' and 'Paradise', to the intense, highly personal relationship between man and God portrayed in 'The Collar' and 'Redemption', the works collected here show the transcendental power of divine love.

John Donne's Sermons on the Psalms and Gospels

This Modern Library edition contains all of John Donne's great metaphysical love poetry. Here are such well-known songs and sonnets as "A Valediction: Forbidding Mourning," "The Extasie," and "A Nocturnall Upon S. Lucies Day," along with the love elegies "Jealousie," "His Parting From Her," and "To His Mistris Going to Bed." Presented as well are Donne's satires, epigrams, verse letters, and holy sonnets, along with his most ambitious and important poems, the Anniversaries. In addition, there is a generous sampling of Donne's prose, including many of his private letters; *Ignatius His Conclave*, a satiric onslaught on the Jesuits; excerpts from *Biathanatos*, his celebrated defense of suicide; and his most famous sermons, concluding with the final "Death's Duell." "We have only to read [Donne]," wrote Virginia Woolf, "to submit to the sound of that passionate and penetrating voice, and his figure rises again across the waste of the years more erect, more imperious, more inscrutable than any of his time."

Collected Poetry

A key anthology for students of English literature, *Metaphysical Poetry* is a collection whose unique philosophical insights are some of the crowning achievements of Renaissance verse, edited with an introduction and notes by Colin Burrow in Penguin Classics. Spanning the Elizabethan age to the Restoration

and beyond, Metaphysical poetry sought to describe a time of startling progress, scientific discovery, unrivalled exploration and deep religious uncertainty. This compelling collection of the best and most enjoyable poems from the era includes tightly argued lyrics, erotic and libertine considerations of love, divine poems and elegies of lament by such great figures as John Donne, George Herbert, Andrew Marvell and John Milton, alongside pieces from many other less well known but equally fascinating poets of the age, such as Anne Bradstreet, Katherine Philips and Thomas Traherne. Widely varied in theme, all are characterized by their use of startling metaphors, imagery and language to express the uncertainty of an age, and a profound desire for originality that was to prove deeply influential on later poets and in particular poets of the Modernist movement such as T. S. Eliot. In his introduction, Colin Burrow explores the nature of Metaphysical poetry, its development across the seventeenth century and its influence on later poets and includes *A Very Short History of Metaphysical Poetry from Donne to Rochester*. This edition also includes detailed notes, a chronology and further reading. Colin Burrow is Reader in Renaissance and Comparative Literature at Gonville and Caius College, Cambridge. He has edited *Shakespeare's Sonnets for OUP* and *The Complete Works of Ben Jonson*, and is working on the Elizabethan volume of the *Oxford English Literary History*. If you enjoyed *Metaphysical Poetry*, you might like *John Donne's Selected Poems*, also available in Penguin Classics.

The Complete Poetry and Essential Prose of John Milton

Francis Bacon (1909-1992) was arguably one of the greatest artists of the twentieth-century. The violent intensity with which his paintings give expression to the existential angst of his fellow human beings is virtually without parallel in the history of art. His oeuvre undoubtedly includes some of the most extraordinary and powerful paintings in modern art. Published to coincide with the centenary of the artist's birth, this magnificently illustrated volume features more than 140 stunning reproductions of Bacon's work - including his series of portraits and self-portraits, the strangely beautiful yet terrifying variations of Velazquez's Pope Innocent X, the painfully moving Crucifixion, his enigmatic figure studies, and twelve gatefold's of the powerful triptychs - all of which were selected for inclusion in this monograph by the artist himself before his death in 1992.

the ghost dancers: poems

"St Paul's cathedral stands like a cornered beast on Ludgate hill, taking deep breaths above the smoke. The fire has made terrifying progress in the night and is closing in on the ancient monument from three directions. Built of massive stones, the cathedral is held to be invincible, but suddenly Pegge sees what the flames covet: the two hundred and fifty feet of scaffolding erected around the broken tower. Once the flames have a

foothold on the wooden scaffolds, they can jump to the lead roof, and once the timbers burn and the vaulting cracks, the cathedral will be toppled by its own mass, a royal bear brought down by common dogs.\" (p.9) It is the Great Fire of 1666. The imposing edifice of St. Paul's Cathedral, a landmark of London since the twelfth century, is being reduced to rubble by the flames that engulf the City. In the holocaust, Pegge and a small group of men struggle to save the effigy of her father, John Donne, famous love poet and the great Dean of St. Paul's. Making their way through the heat and confusion of the streets, they arrive at Paul's wharf. Pegge's husband, William Bowles, anxiously scans the wretched scene, suddenly realizing why Pegge has asked him to meet her at this desperate spot. The story behind this dramatic rescue begins forty years before the fire. Pegge Donne is still a rebellious girl, already too clever for a world that values learning only in men, when her father begins arranging marriages for his five daughters, including Pegge. Pegge, however, is desperate to taste the all-consuming desire that led to her parents' clandestine marriage, notorious throughout England for shattering social convention and for inspiring some of the most erotic and profound poetry ever written. She sets out to win the love of Izaak Walton, a man infatuated with her older sister. Stung by Walton's rejection and jealous of her physically mature sisters, the boyish Pegge becomes convinced that it is her own father who knows the secret of love. She collects his poems, hoping to piece together her parents' history, searching for some connection to the mother she barely knew. Intertwined with Pegge's compelling voice are those of Ann More and John Donne, telling us of the courtship that inspired some of the world's greatest poetry of love and physical longing. Donne's seduction leads Ann to abandon social convention, risk her father's certain wrath, and elope with Donne. It is the undoing of his career and the two are left to struggle in a marriage that leads to her death in her twelfth childbirth at age thirty-three. In Donne's final days, Pegge tries, in ways that push the boundaries of daughterly behaviour, to discover the key to unlock her own sexuality. After his death, Pegge still struggles to free herself from an obsession that threatens to drive her beyond the bounds of reason. Even after she marries, she cannot suppress her independence or her desire to experience extraordinary love. Conceit brings to life the teeming, bawdy streets of London, the intrigue-ridden court, and the lushness of the seventeenth-century English countryside. It is a story of many kinds of love — erotic, familial, unrequited, and obsessive — and the unpredictable workings of the human heart. With characters plucked from the pages of history, Mary Novik's debut novel is an elegant, fully-imagined story of lives you will find hard to leave behind.

The Complete English Poems

The essays in this volume are informed by a variety of theoretical assumptions and of critical methodologies, but they all share an interest in the intersections of word and image in a variety of media. This unifying rationale secures the present collection's central position in the current critical context, defined as it predominantly is by ways of reading that are based on a relational nexus. The intertextual, the intermedial, the intersemiotic are indeed foregrounded and combined in these essays, conceptually as much as in the critical practices favoured by the various contributions. Studies of literature in its relation to pictorial genres enjoy a relative prominence in the volume – but the range of media and of approaches considered is broad enough to include photography, film, video, television, comic strips, animated film, public art, material culture. The backgrounds of contributors are likewise diverse – culturally, academically, linguistically. The volume combines contributions by prominent scholars and critics with essays by younger scholars, from a variety of backgrounds. The resulting plurality of perspective is indeed a source of new insights into the relations between writing and seeing, and it contributes to making this collection an exciting new contribution to word and image studies.

The Complete Poetry and Selected Prose of John Donne

Since publication in 1979 Isabel Rivers' sourcebook has established itself as the essential guide to English Renaissance poetry. It: provides an account of the main classical and Christian ideas, outlining their meaning, their origins and their transmission to the Renaissance; illustrates the ways in which Renaissance poetry drew on classical and Christian ideas; contains extracts from key classical and Christian texts and relates these to the extracts of the English poems which draw on them; includes suggestions for further reading, and an

invaluable bibliographical appendix.

Metaphysical Poetry

'To the English, I am \"shocking\"...What's more, French, which is disgusting; republican, which is abominable; exiled, which is repulsive; defeated, which is infamous. To top it all off, a poet...' Victor Hugo dominated literary life in France for over half a century, pouring forth novels, poems, plays, and other writings with unflagging zest and vitality. Here, for the first time in English, all aspects of his work are represented within a single volume. Famous scenes from the novels *Notre-Dame*, *Les Misérables*, and *The Toilers of the Sea* are included, as well as excerpts from his intimate diaries, poems of love and loss, and scathing denunciations of the political establishment. All the chosen passages are self-contained and can be enjoyed without any previous knowledge of Hugo's work. Much of the material is appearing in English for the first time, and most of it has never before been annotated thoroughly in any language.

Another Time

Aemilia Lanyer (1569-1645) was the first woman poet in England who sought status as a professional writer. Her book of poems is dedicated entirely to women patrons. It offers a long poem on Christ's passion, told entirely from a woman's point of view, as well as the first country house poem published in England. Almost completely neglected until very recently, her work changes our perspective on Jacobean poetry and contradicts the common assumption that women wrote nothing of serious interest until much later. Mistress and friend of influential Elizabethan courtiers, Lanyer gives us a glimpse of the ideas and aspirations of a talented middle class Renaissance woman.

The Love Poems of John Donne

The Oxford Handbook of John Donne presents scholars with the history of Donne studies and provides tools to orient scholarship in this field in the twenty-first century and beyond. Though profoundly historical in its orientation, the Handbook is not a summary of existing knowledge but a resource that reveals patterns of literary and historical attention and the new directions that these patterns enable or obstruct. Part I--Research resources in Donne Studies and why they they matter--emphasizes the heuristic and practical orientation of the Handbook, examining prevailing assumptions and reviewing the specialized scholarly tools available. This section provides a brief evaluation and description of the scholarly strengths, shortcomings, and significance of each resource, focusing on a balanced evaluation of the opportunities and the hazards each offers. Part II--Donne's genres--begins with an introduction that explores the significance and differentiation of the numerous genres in which Donne wrote, including discussion of the problems posed by his overlapping and bending of genres. Essays trace the conventions and histories of the genres concerned and study the ways in which Donne's works confirm how and why his \"fresh invention\" illustrates his responses to the literary and non-literary contexts of their composition. Part III--Biographical and historical contexts--creates perspective on what is known about Donne's life, shows how his life and writings epitomized and affected important controversial issues of his day, and brings to bear on Donne studies some of the most stimulating and creative ideas developed in recent decades by historians of early modern England. Part IV--Problems of literary interpretation that have been traditionally and generally important in Donne Studies--introduces students and researchers to major critical debates affecting the reception of Donne from the 17th through to the 21st centuries.

Conceit

How did a Catholic priest who died a failure become one of the world's greatest poets? Discover in his own words the struggle for faith that gave birth to some of the best spiritual poetry of all time. Gerard Manley Hopkins deserves his place among the greatest poets in the English language. He ranks seventh among the most frequently reprinted English-language poets, surpassed only by Shakespeare, Donne, Blake, Dickinson, Yeats, and Wordsworth. Yet when the English Jesuit priest died of typhoid fever at age forty-four, he considered his life a failure. He never would have suspected that his poems, which would not be published for another twenty-nine years, would eventually change the course of modern poetry and influence such poets as W. H. Auden, Dylan Thomas, Robert Lowell, John Berryman, Geoffrey Hill, and Seamus Heaney. Like his contemporaries Walt Whitman and Emily Dickinson, Hopkins revolutionized poetic language. And yet we love Hopkins not only for his literary genius but for the hard-won faith that finds expression in his verse. Who else has captured the thunderous voice of God and the grandeur of his creation on the written page as Hopkins has? Seamlessly weaving together selections from Hopkins's poems, letters, journals, and sermons, Peggy Ellsberg lets the poet tell the story of a life-long struggle with faith that gave birth to some of the best poetry of all time. Even readers who spurn religious language will find in Hopkins a refreshing, liberating way to see God's hand at work in the world.
